The Committee aims at exhausting all possible opportunities of recruitment with law firms, counsels, LPOs and corporate houses. It acts as a link between the recruiters and the students, thereby fulfilling the needs of both, and enabling the students to get placements on campus. The members of the Placement Committee strive hard to ensure that maximum students from the college get placed, thus providing them with an opportunity to optimize their skills.

The Annual Recruitment Programme 2020 - 2021 was a great success despite the pandemic, as the Placement Committee, true to its motto, succeeded in having good number of law firms, counsels and corporate houses recruit our students.

For the last few years, the Placement Committee has been implementing the recruitment process throughout the year, thus functioning all year round. the Placement Committee has been implementing the recruitment process throughout the year, thus functioning all year through. The Committee organizes two Placement Weeks throughout the year, one in September/October, which is exclusively for Associates, and another in January/February, which covers Associates, Article Clerks and Interns. This widening scope of the Committee is sure to benefit both the students and the potential employers.

The participation of a large number of students, lawyers, solicitors, law firms and corporate houses was a source of inspiration for all students who work zealously for the Committee, and will encourage them to undertake the Recruitment Program of the current academic year with even greater zeal and enthusiasm.

Best Wishes.

## A Word About The Committee

The Placement Committee, that is the Recruitment Coordination Committee, of the college works ardently throughout the year to ensure that the students get every available opportunity of recruitment with law firms, LPOs, counsels and corporate houses.

The Annual Recruitment Programme 2020-21 witnessed overwhelming response from law firms, counsels and corporate houses, which made the Recruitment Programme a great success despite the COVID-19 pandemic. While pertaining to these difficult times, the Placement Committee carried it's functioning throughout the year entirely in a virtual setup.

Amidst these tough times, this year has embarked on the beginning of a new journey for us. We successfully concluded the first-ever Virtual February Placement Week, 2021 along with the virtual E-Campus Placement Drive held in August, 2021. In a similar setup, we also managed to successfully conclude October Placement Week, 2021. Adhering to these changing times, we have also marked our presence on LinkedIn, to shorten the gap and facilitate better communication between the Recruiters and the Committee. It also gives us immense pleasure to share that under the able guidance of Prof. Pithawalla, we have successfully conducted a series of webinar sessions covering an array of areas for further enlightening our students to plan their diverse careers in the field of Law.

All the hard work and sincerity of the Committee members paid off. Needless to say, it is our endeavour to make the Recruitment Programme 2021-22 a grand success. The Placement Cell strives for professionalism, commitment and fairness. Above all, it strives for the promotion of strong relationships between the recruiters and the campus for the ultimate benefit of both of them. We sincerely hope that our bond with the past recruiters is only strengthened and a strong bond is made with the new recruiters.

It would indeed be our privilege to cater to your requirements of Interns, Associates, Articled Clerks, Paralegals, etc. The detailed procedure is mentioned in the brochure.

On this note, we look forward to a very successful and positive year ahead, both for our students and our esteemed recruiters.

## **ABOUT GLC**

Looking back in time, one becomes aware of the immeasurably important role this pioneering law institute has played in the judicial, political, social and historical background of India. Legal luminaries like Dr B. R. Ambedkar, the architect of the Indian Constitution, Justice M. C. Chagla, former Chief Justice of the Bombay High Court, Lokmanya Tilak, freedom fighter, Sir Motilal Setalvad, the first Attorney-General of Independent India, Smt. Prathiba Patil, Hon'ble Ex-President of India, Mr. Goolam E. Vahanwati, the Attorney-General of India and many other prominent personalities have left their footprints behind for time immemorial. Today, one cannot help but relive all those memorable moments which contributed to making this institution the most distinguished law college in the country. With a heritage spanning more than a century and a half, the Government Law College, Mumbai, has dominated the legal landscape of India since 1855. The College is a staunch believer in the importance of knowledge and the freedom of expression. It is an educational institution endowed with a tremendously scholastic environment, a thoroughly competent faculty and professionally focused students. Along with a rigorous curriculum, the college boasts of several co-curricular activities such as Moot Court Competitions, Debates, publishing of the Law Review and College Magazine, providing Legal Aid, etc. It believes that it is essential to bring together the youth of today in spirited debate and discussion, to facilitate a better understanding and to tackle the global issues faced today. Before 1855, there was no formal legal education for legal officers and lawyers in this country. In the same year, the Government Law School was established at the Elphinstone Institute. Government Law College, Mumbai, which completed its sesquicentennial year in 2005, is one of the premier law colleges in India and has produced scores of distinguished alumni who have made an enduring impact on the legal jurisprudence of the country.

## **WHY GLC ?**

GLC believes in the blend of imparting education along with gaining practical experience, thus ensuring that students are well versed with the intricacies of the practical application of law in diverse areas, even before graduating.

**Solicitors:** Government Law College is one of the few legal institutions which gives its students an opportunity to enrol for the Solicitors' Exams while undergoing their Graduation studies. Taking full advantage of being situated in the financial capital of India, the students of GLC work as article clerks simultaneously, thereby fulfilling one of the requirements of a full-fledged solicitor.

**Chartered Accountant, Company Secretary, Chartered Financial Accountant:** Students get an opportunity to undergo add-on professional courses like C.S, C.A and C.F.A. These courses enable students to expand their knowledge and awareness even as fresh graduates.

**INTERNSHIPS:** Corporate / Law Firms / LPOs: Mumbai, the commercial capital of India, is home to several Law Firms, Corporate Houses and MNCs. Due to flexible lecture timings, students start pursuing their internships from the second year of college itself. Thus, at the time of graduation, they have the expertise and knowledge, which can be considered to be at par with working law professionals. GLC is the only educational institution which exposes its students to a Pandora of work opportunities in the legal field.

**Judicial:** The proximity of the college to the Bombay High Court offers yet another incentive to the college students. They undergo internships under sitting judges, counsel and senior counsel. The presence of famous legal luminaries at a close proximity to the college encourages our students to go beyond the curriculum and undertake long-term internships and thus enables them to outshine others in the practical field. During college vacations, our students have successfully interned with Supreme Court judges as well.
